Dear Reader,

This issue brings seven original scientific papers. Among them are the first few which were submitted through the on-line submission platform based on Open Journal System. We started with the on-line submission on 1st Jan 2016. Based on the first three month statistics with over 70 submissions we proudly report that the on-line system works well. We expect that the system will enable faster review times and higher satisfaction by authors.

This issue also bring the Call for paper at the 52nd MIDE M conference that the MIDE M Society organizes in Slovenia in late September every year. The conference will be organized in a picturesque hotel at the Adriatic seaside in the vicinity of town Koper. A highlight of the conference will be the Workshop on Biosensors and Microfluidics. The organizers invite you to join them at the inspiring invited talks and full three-day programme. Readers of the journal will get a chance to read selected papers from the conference in Issue 4 in December.

Page charges for papers published in the journal that were introduced in 2015 to cover publishing costs and to secure continuation of quality growth have been accepted with understanding. We noticed no decrease in submission rate. Implementing European open science / open access policy we will continue to provide a free electronic access to all papers published in *Informacije MIDE M* –Journal of Microelectronics, Electronics Components and Materials (since 1986).

We look forward to receiving your next manuscript(s) in our on-line submission platform:

Enjoy reading the Issue 1/2016!

Editor-in-Chief

P.S.

All papers published in *Informacije MIDE M* –Journal of Microelectronics, Electronics Components and Materials (since 1986) can be access electronically for free at <http://midem-drustvo.si/journal/home.aspx>. A search engine is provided to use it as a valuable resource for referencing previous published work and to give credit to the results achieved from other groups.
